With the technology available these days,
it's a challenge to get people's attention...

TEXTING
Cellphones
Internet
Online Chat
Wii
Xbox 360

But you can send your message with
something they've never seen before -

A high-tech, mobile, singing multimedia robot
from Probotics America

Interactive!
Live!
Animatronics in the classroom!

How to Order

- SuperSTAR robots can be ordered through your standard purchasing process, with procurement card or with credit card
- A 50% deposit is due at time of order with the remainder due 30 days after delivery
- Probotics America is glad to participate in any proposal or bid process required for your organization, but we are the sole manufacturer and distributor of SuperSTAR robots and can supply a sole source letter if desired.
- SuperSTAR robots can be customized in many different ways, and we recommend you contact us to discuss your needs before you place your order
